UVAC Testimonials

When I was diagnosed with Parkinson's disease, I felt uncertain and overwhelmed. My doctor encouraged exercise, which I attempted on my own with YouTube videos with little commitment. My journey truly began when a fellow Parkinson's person asked me, "What are you afraid of?". I found UVAC's Pedaling for Parkinson's class, where I was welcomed and supported by instructors and fellow participants. I eventually joined the Rock Steady Boxing and Staying Active classes. UVAC amazes me with their dedication to the Parkinson's community. Exercise has made a tremendous difference in my life. I'm stronger, braver, more confident, and amazed by what I can accomplish. I currently participate in nine hours of classes each week and am incredibly grateful for UVAC's dedicated instructors, staff, and Parkinson's community. ~ Debby
