

Swim Lesson Protocols at UVAC

Fall Sessions 2021

Welcome to Swim Lessons at UVAC! We continue to update our protocols and take extra measures to make our swim program as safe as possible! Please orient yourself to these procedures to help you prepare you and your child for success!

- **Temperature taking** upon entrance for all
- **Masks** are required for all regardless of vaccination status: children 2 years and older - adults. Masks should be worn up until the start of the swim lesson... for parents in the pool but not going underwater, please wear a mask or shield... also applies for parents in "Parent and Me" (We often have nifty reusable face shields available for purchase at the Welcome Desk) Shields are only allowed in the pool. Otherwise masks are required in all other spaces at UVAC.
- **Locker rooms and showers** are available, we encourage quick changes and showering when you go home if possible. Arriving with swimsuits under clothing could be a great strategy to enhance social distancing for all! Please wear masks in the locker rooms!
